Hotel Location and Description

The award-winning 137 Pillars House is a stunning 30 suite boutique Hotel with a rich colonial past; built around the original colonial teak homestead which dates back to the late 1800's. It is located in a leafy residential enclave a few minutes' walk from the historical Watt Gate Temple, Ping River and trendy boutique shopping area. The Wat Gate area was original designated for foreigners by the government.

Architectural historians and conservationists worked meticulously to reinforce the integrity of the original structure and our honoured guests can expect the same nostalgic ambiance in all 30 suites, along with the latest modern comforts and conveniences.
